The Hawaii Apprenticeships provide an opportunity to work directly with Chuck and Lency Spezzano in the beautiful tropical setting of Hawaii. These programs offer the latest cutting-edge healing work and awakening processes developed by Chuck and Lency. Apprenticeships are a key element of the Psychology of Vision 100 Day Program, as three Apprenticeships are required to graduate. Since they are on the fast track participants need to have at least 20 days of training in the POV model, which must include 20 joining sessions and/or the recommendation of Psychology of Vision Trainer in order to attend.

The April and December Apprenticeships will be held at the home office of Chuck and Lency in the Oahu community of Kahalu'u.

The October Apprenticeship will be held at the Hilton Waikoloa on the Big Island of Hawaii. www.hiltonwaikoloavillage.com
